## Carnaby: Reception desk for hairdresser

The retro style of the Urban Line is also featured with the Carnaby reception desk: perfect in size and generous in the storage space, it is enhanced by two LED lighting strips (with two individual switches), highlighting the material of the front panel and illuminating the worktop. The Carnaby reception desk (as well as the whole Urban Line) is now available in different materials. Equipped with shelves and drawer with key.

83w - 920 lumen - kelvin 4000  
white natural IP 20
